Supply and distribution of Liquid Petroleum Gas and Paraffin
Installation and maintenance of gas lines and equipment

2020-04-16

Dear Valued Customer

We would wish to thank all our customers who had settled their accounts in full. We appreciate this and understand that this is a particularly challenging time. Your commitment to us as well as the greater good of the economy is inspiring.

We are also aware that there are many businesses in lockdown who have no income at this stage. Our thoughts go out to our customers who are unable to trade during this time and we encourage you to stay positive.

Although we do not want to be unreasonably demanding we would like to urge you to still make payments as funds come into your accounts. Non-payment has a follow-on effect and it will become a vicious circle that could grind the economy to a halt.

We stay obligated to supply LPGas throughout Northern-KZN and the Eastern Free State and would still service other companies that are Essential Service Providers as well as retail in Ladysmith and Qwa-Qwa.

We are proud of and salute the loyalty of our brave and dedicated staff who are at work every day despite the challenges that they experience.

We wish you the best for the remaining two weeks of the lockdown and hope that you, your loved ones and staff would stay safe and healthy during the months to come.

Kind Regards

Chris Schnetler

The trusted name in efficient and affordable energy
solutions in Northern Natal.

Directors: C. Schnetler and DFC Esterhuysen
